Asynchronous Video Interviews: Job Interviews Without Interviewers

Known as AVIs — an increasing number of job applicants are being asked to video record answers to set questions rather than speaking directly with a recruiter. But how do you take the impersonal "weirdness" out of those ostensible connections?

Retirement Meant an End to Teaching and a Beginning as an Author

After a 34-year career that saw him instruct thousands of students in five Calgary schools, Keith Worthington, BEd’71, ended his teaching career in 2005 at the age of 55. And that's when he took up his pen. This time, for a different audience.

What's on Deck?
Better Me in '23
UCalgary Alumni has curated a whole calendar of programs, webinars, resources to help you – whomever you are – start the year as your best self, without all the hassle of facing a list of New Year’s resolutions alone.
Here's Where Albertans will Find Extra Expenses — and Cost Relief — in 2023

As the calendar flipped to 2023, procuring champagne may have been more top of mind than the contents of your pocketbook. But early January is often the time that government decisions take effect. According UCalgary economics professor Trevor Tombe here are some places you can expect to shell out more money — and some measures that will keep it in your wallets — as the new year begins.

Ready, Set, Streak!

We Interrupt This Workday to Streak

Two educators explain why they introduced “wellness streaks” to their field-study curriculum and give tips on how to start one and keep it up.

Meet the Champs

7 People Paying it Forward

These university champions are deeply invested in the community and believe philanthropy is caring about the success of the next generation and building a better future.

Map the System

Hosted by the University of Oxford, Map the System is a global competition where participants use systems-thinking to demonstrate a deep understanding of a social challenge. Cash prizes available. Registration closes Jan. 31st.
